Life Insurance upon the principle adopted by the Company is founded upon the principle adopted by the Company is founded upon the principle of contribution in the shape of annual, semi-annual, or quarterly premium or dues to a common fund, proportionate to the amount insured, out of which the company pay a stipulated sum on the death of the assured, to the person for whose benefit the insurance is effected. Thus each person insuring in this company, by contributing a small portion of his income or earnings, effects a sure provision for the wants and necessities of his family after they are deprived of that support which, whilst living, he was enabled to provide for them by his exertion.

After a thorough investigation of the different systems adopted in Europe and America, and of the rates of premium charged, this company have reduced the annual premium or quarterly dues twenty-five per cent., and will receive the premium annually, semi-annually, or quarterly, as may be preferred, under a firm conviction that the exigencies of the company will never exceed and seldom require the premium charged by this company, to enable it to meet all its engagements, which reduction will leave a large margin for seasons of unusual siekness and death among its members. This company preferring to reduce the premium at once to an amount more nearly approximating the actual necessities of the company, than to adopt the system of premium notes for a portion of the premium which is attended with so many disadvantages. Some of the peculiar advantages of this company are,

The durability of our workmanship we further guarantee for five years.

Having just completed large additions to our Manufactory, we hope now to supply all who may honor us with their patronage; and we invite all who desire a superior Instrument, carefully adapted to the climate—a very important matter, and which we have made our careful study—to call and examine our various styles, which we are constantly finishing, and which will be sold at the lowest market price for eash or approved paper.

In addition to the above public testimonials, our Pianos are recommended in terms of the highest praise by the following eminent artists, whose certificates can be seen at our Warercoms: Charles Boches, the great composer and musical director to Mad. A. Bishop: Mr. Geo. Knoop; Miss Adele and Charles Hohnstock, and other distinguished performers. Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.
